

spectrum X6BT Phono

2-way Bass-reflex Bluetooth floorstanding speaker

- BLUETOOTH APTX 4.2
- ANALOG AND DIGITAL INPUTS
- PHONO INPUT
- SUBWOOFER OUTPUT
- IR REMOTE CONTROL
- BASS AND TREBLE EQUALIZER

The new Spectrum X6BT Phono benefits from a wide dispersion 25mm soft fabric dome tweeter, together with two 5 inches long throw paper bass driver with protective metal mesh grille.

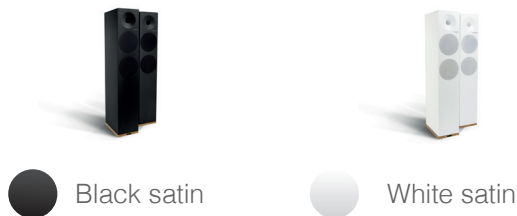

Featuring the latest wireless technology, the powered version boasts high quality Aptx Bluetooth streaming, so you can play your favourite tracks wirelessly straight from your smartphone, tablet, or PC/Mac.

The powered version also provides 2x60 watts class D signal processing, analog and digital optical inputs for ultimate connectivity, together with a subwoofer output when additional bass is required. These compact floorstanding speakers are supplied with a full remote control and are available in attractive midnight black or polar white matt finishes with walnut base plinths.
